

Thank you for visiting Akita!

Custom made quality fashion accessories for more than 28 years!

Here at Akita, we take our visions and turn them into fashionable, wearable art. Our custom made one-of-a-kind pieces are handcrafted right here in the United States, from fine materials imported from all over the world. Each design comes complete with our custom label attached, letting the world know that you are wearing fine art!

Our passion for the past 15 years has been our custom Akita line of purses, designed for every occasion and style from ultra casual to the most formal black-tie affair. We are fueled by YOU, our clients! Select from one of our numerous pieces, or if you have a design in mind, give us a call, and we will create your own custom design just for you!

Each one-of-a-kind piece is created by fashion designer, Anita Spector. "Some years ago, I was at a black tie function," says Anita. "I was on at a dinner on a cruise ship, and I was carrying one of my custom purses. A man approached me and said, 'Excuse me but I have to ask where you purchased your bag. It is a very fine choice of accessories.' He then said that his wife must see it and asked if I would show it to her. She was absolutely awe struck and said she would love to have one just like it. Now, almost, every year, that couple buys my fine handmade purses."

We hope you love our purses as much as we love creating them here at Akita.
